

## WILDFIRES KIT LIST...

For those camping novices or those that like to have a checklist!

The below checklist are all suggestions, the 4 key things to remember are:

1. It's only 3 days
2. You can't drive up to your camping pitch. You will be transporting kit by trolley
3. See what equipment you can share with friends
4. Don't forget a re-useable mug or stack of paper cups for hot drinks from the marquee.
